

Class of 2002...Join Us.

Five years ago, our graduation marked the end of our time at Colorado College, but the lessons from our experiences linger on in our everyday lives. It's in that spirit that we are inviting you back to our Fifth Year Class Reunion, this October 12-14th!! So get ready to kick off the festivities with a **reunion bash** at The Warehouse Restaurant & Brewery on the evening of Friday, October 12th... and the fun only continues from there. Visit our class website for more details, www.ColoradoCollege.edu/Alumni.

Not only are we coming together to celebrate our five years since graduation, but also our committed support to CC. The 2002 Class Reunion Committee is responsible for organizing our (shameless pitch coming in 3...2...1...) monetary Class Gift, and we need your help. We are asking you to help give back to our alma mater. Why would *you* give back? Stick with us here...

Fact: Did you know that your full tuition actually only paid for a portion of your experience at CC? It was alums before you whose gifts made your education possible. Now it's our turn to give current CC students the same opportunities we had.

Fact: Every year we are ranked on several criteria, and the higher our rank the more value our CC diplomas have. According to the latest from *US News & World Report*, our overall ranking is 26. You may not know this, but alumni giving is a key factor in ranking college institutions (and one area that is holding CC back).

We can help close this gap. The alumni giving rank is based on participation— **how many** people give, not **how much** we give. Your gift of any amount impacts Colorado College's rank, which enhances the value of your degree and improves the education for current students. The 2002 Class Reunion Committee has set a participation goal of 20%...[please help us reach that goal!](#)

We're asking you to give

- \$5 in honor of our 5th reunion or
- \$20.02 because we're the Class of 2002.

Give what you can. Just don't take the gift of your CC education for granted. Give online **NOW** at www.ColoradoCollege.edu/Giving and support the 2002 Class Gift. So far, only 4% of our class has given - we need your gift to reach our goal!
