

May 2007

Hello CC Tigers!

Our 15th reunion is right around the corner! What a great time to check out some old friends, compare gray hairs, and see what everyone has been up to. We are such a diverse crowd, I can't imagine the stories old and new flying around as we gather for our 15 year reunion **October 12 – 14, 2007.**

The campus has changed. Colorado College has grown over Nevada. Those two square blocks now house playing fields, fraternities and sororities. There is a new science building squeezed in next to our "new" science building, some fantastic upper-class housing with a view of Pikes Peak, and Slocum now has an extra wing. Yet, the campus remains constant, with students playing ultimate frisbee on the quad, gathering in Tutt Library, and hanging banners off the Worner Center railings.

Our 15 year reunion is also a great time to reconnect to the campus, greet favorite professors, and talk to President Celeste. Through his leadership, our campus continues to offer an excellent liberal arts education. We are ranked 26th in *US News and World Report*. One of the ways they measure a school's excellence is by tracking alumni giving; ours hovers around 35%. We would like to challenge everyone to show their support for our unique block plan style of learning. Please consider any gift small (\$19.92) or huge (\$1,991). The easiest way to give is online: www.ColoradoCollege.edu/Giving

The reunion committee has planned a great weekend. On Friday night, we will be having dinner downtown at the Warehouse, and Saturday night we'll be in Slocum's Common Room. There is excellent childcare available both nights right on campus, as well as family activities during the day! For more information please visit the reunion web site at www.ColoradoCollege.edu/Alumni/HomecomingReunions. Starting August first, you'll be able to register for all our weekend activities.

We're looking forward to seeing everyone. Homecoming is now on campus and they do a great job! Don't forget to let us know if you are coming. The list is getting long!

Sincerely,

Your 15th Reunion Committee
