Costs for Non-Affiliated Programs or for Non-Affiliated programs with an Educational Consortium Agreement will not be considered.

Eligibility: Students must be receiving financial aid to be considered for the additional funding. Based on this application as well as financial eligibility, the Financial Aid Office will determine if funding may be available for additional program costs.

Requirements for application: You will be required to meet the following qualifications to be considered.

- Successfully completed the financial aid application process for the applicable academic year
- Received and accepted a financial aid award
- Demonstrate high financial need
- If participating in an ACM or CC Affiliated program of a semester or longer for study abroad, completion of requirements by the Registrar's Office and as listed below.
 1. Completion of "Affiliated Off Campus/ACM Leave of Absence Form" by the required deadline and a copy submitted with this application
 2. Application approval by the Registrar
 3. Course approval by your Advisor

Complete this application form and return it to the Financial Aid Office by March 1 for fall semester programs and November 1 for spring semester programs. **Funds are quite limited so the date of submission could be a factor in eligibility.** Upon the completion of these requirements and submission of any additional information or documentation requested by the Financial Aid Office, you will be considered for assistance from the Christian A. Johnson Endeavor Foundation Grant or the Coit Family Scholarship Fund.
