## **BOETTCHER HEALTH CENTER MISSION STATEMENT**

**BOETTCHER HEALTH CENTER** strives to foster an environment that supports the educational mission of The Colorado College. The health center provides students with urgent medical and mental health care for acute illness, health and wellness education to prevent future illness, and epidemic control for the entire college community.

**BOETTCHER HEALTH CENTER** strives to promote in students responsibility for their health care, create informed medical consumers, and remove any physical and mental health related barriers to the academic and extra-curricular success of each student.
