

Economics Major “Part E” Courses
Colorado College Department of Economics and Business

Updated March 13, 2023

Part E of the Economics Major Requirements Form states: “One of the five electives must be a cross-listed BU/EC elective. The remaining four elective courses must be EC courses (not BU or cross-listed with BU).”

The following courses satisfy the cross-listed course requirement. At least one of your five electives must come from the list. You are welcome to have more than one of your five electives come from the list.

Course Number	Course Title
EC241	The Economics of Sports
EC285	Intermediate Topics in Macroeconomics: Economics of Inequality <i>*Note: EC285 must have the exact title listed above to count. Other titles do not count.</i>
EC344	The Economics of Strategy: Industrial Organization, Structure, and Public Policy <i>*Note: EC344 and BU315 were co-taught as a single cross-listed course in 2021-2022. If you took BU315 in that year, it counts.</i>
EC371	Money, Banking, and Financial Markets
EC377	Economics of International Finance
