COLORADO COLLEGE, Colorado Springs, Colorado (1998-Present)

Guest Lecturer 10/98 – 11/12 (intermittently)

Executive in Residence, Economics & Business Department 11/12 – Present

Pursuing a significant life goal, began as a day guest in EC 326 Consumer Marketing presenting a lecture on Product Development intermittently from 1998 to 2011 for Dr. Larry Stimpert. Co-taught EC326 (entire course) from 2012 through 2017 with various Colorado College professors, and will begin solo teaching EC 326 Block 3 Fall 2017. Additionally, have independently developed two new marketing courses: EC 110 Marketing for Entrepreneurs (began teaching solo Block 6 2017) and EC 425 Advanced Topics in Business: “The Coffee Marketing Challenge” (will teach solo beginning Block 5 2018).

COORS BREWING COMPANY, Golden, Colorado (1995-2001) 6/95 – 3/01

Director, Marketing Research (11/98 – 3/01)

Group Manager, Consumer Research (6/95 – 11/98)

Grew the effectiveness of a department providing strategic insights from custom research, syndicated databases, the 1-800 call center and competitive intelligence. Supported Coors’ worldwide business with a staff of 11 professionals and a research budget in excess of \$5 million. Key accomplishments included:

- Re-engineered the department’s role from just “passing numbers” to developing and championing insights that have a significant impact on the business, including developing a role directly supporting Sales.
- Developed enhanced consumer equity tracking, concept development/evaluation and product testing capabilities. Effectively negotiating a new \$10 million syndicated research contract.

PYRAMID CONSULTING & VENTURES, Atlanta, Georgia (1994-1995)

Vice President, Consulting Services

Led an independent consulting group in this competitive strategies firm, focused on facilitating new product development. Responsible for client prospecting, consulting services (marketing, marketing research, product development) and venture development.

CHURCH & DWIGHT COMPANY, Princeton, New Jersey (1992-1994)

New Products Brand Manager, Marketing 7/93 - 9/94

Led business team preparing a new product for market, including brand positioning, financial analysis, product development and advertising creative. Crafted a strategic process for evaluating new brand ideas.

Sr. Manager, Marketing Research 1/92 – 7/93

Established a marketing research group reporting jointly to Marketing and R&D. Built a team that designed, executed and analyzed both primary and syndicated research. Managed supplier and consultant relationships.

THE PROCTER & GAMBLE COMPANY, Cincinnati, Ohio (1981-1991)

Group Leader - Products Research

9/83-12/91

Responsible for design and development of new products and line extensions to existing brands. Included extensive hands-on experience in product and concept development, and direct consumer research supporting this work. Led multi-functional teams from initiation through test marketing of initiatives. Managed sensory and lab evaluation, as well as analysis of competitive and consumer 800-line information. Supervised groups of from 1-3 engineers and 3-5 technicians.

- Led global team that developed the worldwide positioning concepts for liquid laundry detergents.
- Co-developed with Marketing successful concepts for Dawn, Liquid Tide and various test products.
- Led product development team that successfully re-launched Folgers line of restaurant and office coffee products. Responsible for packaging design, consumer testing, sensory evaluation and sales support.
- Established the basis for interest and secured management agreement to staff and develop Folgers Dark Roast, the first flavor extension in Folgers' history, based on breakthrough segmentation research.
- Led the development of a novel thermoformed vacuum package for foodservice coffee. Included extensive ergonomic testing with users, resulting in a 9:1 preference over existing packaging while decreasing packaging costs by over 45%.
- Supported Sales as key presenter on major regional and national account calls. Developed critical relationships with industry leaders in the office coffee business. Involved the development of technical and consumer orientations supporting the introduction of controversial higher yield roasting technology.

Development Engineer

6/81 - 8/83

Responsible for process development, product design and consumer evaluation of a disposable towel for industrial and food service use.

- Invented a high speed lamination process, exceeding design requirements on extremely tight timing.
- Redesigned product to meet 25% product cost reduction target while maintaining critical functionality.
