MUSIC EDUCATION CHECKLIST

Students interested in becoming a licensed music teacher at Colorado College should **major in music and minor in education**. Students can receive teaching credentials through the 9th semester program or the Master of Arts in Teaching (MAT) program. Both require a formal application and admission process.

The list below reflects the requirements for both the music major and education minor leading to teacher licensure. All interested students need to meet with Deb Mortenson in the Education Department to talk through the possibilities for licensure.

MUSIC IN CULTURE (3 units)
