Introduction
Office of Financial Aid & Student Employment

Student Employment at Colorado College is coordinated by the Financial Aid office.
14 E. Cache La Poudre Spencer Center, 1st Floor Suite 134, Colorado Springs, CO 80903

Phone: (719) 389-6908 Fax: (719) 389-6173

Email: studentemployment@coloradocollege.edu

Office hours: Monday-Friday 8:30am-5:00pm

Make an Appointment:
https://www.coloradocollege.edu/admission/financialaid/studentemployment/
Handbook Overview
Student employment is first and foremost categorized as an employment program, but is also seen by Colorado College as a learning experience intended to provide the foundation for students to develop their skill sets, to gain and expand upon valuable work experience, and to prepare them for assuming post collegiate work responsibilities. In exchange for their student employment opportunity, CC student employees contribute to the successful operation of the College and/or local community service agencies. Students hold jobs in almost all areas of college life (as well as with off-campus community partners) thereby supplying a valuable workforce resource for college departments, many of which rely heavily on student employees.

The Student Employment Handbook does not constitute a contract between Colorado College and its employees, but employees are expected to become familiar with its contents and to comply with the policies and procedures contained therein.

Equal Opportunity Policies
Colorado College is committed to equal opportunity and diversity in the workplace. We want to make sure that everyone feels our willingness to hear about issues and do everything possible to make this a welcoming, inclusive, and supportive place to work.

Anti-Discrimination
Colorado College is an equal opportunity employer committed to increasing the diversity of the college community and to not discriminating in its employment practices or educational programs and activities on any basis protected by law, e.g., race, color, national or ethnic origin, sex, age, religion, gender identity or expression, marital status, veteran status, disability, or sexual orientation. The college values a diverse workforce and engages in recruitment strategies designed to increase the diversity of its applicant pool.

At Colorado College, it is everyone's responsibility to promote a work environment in which differences and diverse perspectives are respected, faculty and staff (including student employees) are treated equitably, and individual contributions are valued and rewarded.

Faculty, staff, and student employees who feel that they have been discriminated against may choose to pursue the matter through informal or formal procedures, or both. The college will respond promptly to all complaints, and will respect, insofar as possible, the right to confidentiality of all members of the college community. Retaliation against faculty, staff, or student employees who bring complaints of discrimination in good faith is prohibited and is also considered a form of discrimination that is actionable under the policy.

Inquiries regarding the Anti-Discrimination Policy may be directed to the college’s Title IX Coordinator.

Sexual discrimination and harassment is a unique form of discrimination based on sex, sexual orientation, and gender identity or expression. Please refer to the college's Gender-Based Discrimination, Sexual Harassment, and Sexual Violence Policy for more information.

Harassment
Colorado College is committed to an environment free of inappropriate and disrespectful conduct and communication of a harassing nature. As such, the college will not tolerate any form of unlawful harassment (e.g., sexual, racial, ethnic, etc.) at work. It also will not tolerate retaliation for opposing
harassing behavior, for reporting instances of harassment, or for providing statements or evidence related to alleged harassment.

Harassment may be verbal (epithets, derogatory statements, slurs, innuendo), physical (unwelcome touching, assault, gestures, physical interference with one’s work), or visual (posters, drawings, faxes, email, messaging or texting). It may involve unwelcome sexual advances or unwelcome invitations to participate in offensive conduct. Harassment may originate from staff, faculty, supervisors, students, the general public, or vendors. In whatever form and whatever source, it will not be tolerated by the college.

**Reporting Harassment**

In some situations, a person may not realize that his or her behavior is inappropriate or unwelcome. If you consider any person's behavior to be inconsistent with college expectations, you are encouraged (but not required) to tell that person that his or her behavior is considered inappropriate and request that the conduct stop. Persons told should comply immediately and graciously with such requests.

All supervisors are responsible for the implementation of the College’s policies, for ensuring that all employees they supervise have knowledge of and understand the sexual harassment policies, and for taking and/or assisting in prompt and appropriate action, when necessary, to ensure compliance with the policies. The college must learn of harassment before action can be taken. If you suspect that harassment has occurred, or you believe that you are a victim of harassment, you should immediately report the circumstances to the Title IX Coordinator and the CC Financial Aid & Student Employment Office. You should not presume that the college is already aware of the situation nor should you presume that it is someone else's duty to report.

If you believe your immediate supervisor is discriminating against or harassing you, you should report the situation directly to the Title IX Coordinator and the CC Financial Aid & Student Employment Office.

**Protection from Retaliation**

Supervisors or college leadership may not retaliate against a victim, reporter, or witness of harassment because of his or her report or participation in an investigation into a report of harassment. Any suspicion of retaliation should be reported immediately to the Director of Human Resources.

**Respectful Interactions**

All of us should understand that standards of respect, consideration, and tolerance must shape our interactions with one another, regardless of whether the violation of such standards is considered unlawful under these Equal Opportunity guidelines. Certain types of behavior may be inappropriate even though they may not be direct violations of the Anti-Discrimination and Harassment policies.

**Mandatory Reporters**

The majority of CC employees are considered "mandatory reporters" under Colorado College Policy who must report prohibited conduct of which they become aware to the Title IX Coordinator or a Deputy Title IX Coordinator. It does not matter how the information is learned - shared by the victim, the perpetrator, a third party or overheard, in person, via email, or some other medium. Student Employees are considered mandatory reporters and should immediately report any qualified information learned while on the job.

**Title IX**

Title IX of the Education Amendments of 1972 prohibits gender discrimination against any participant in an educational program or activity that receives federal funds. In general, no person, on the basis of gender, may be excluded, denied benefits, or be otherwise discriminated against in any academic,
extracurricular, research, occupational training, or any other program or training at Colorado College. Concerns related to gender discrimination may be brought to the attention of the Title IX Coordinator at Colorado College.

**Disability Accommodation**

In accordance with the provisions of the Rehabilitation Act of 1973, and other applicable laws and regulations, Colorado College will not discriminate against any student employee or applicant because of physical disabilities. The college will consider requests for reasonable accommodations for a student employee’s disability. If you need an accommodation, it is your responsibility to make an accommodation request. You may make the request through your immediate supervisor and contact Human Resources.

**Religious Accommodation**

The Colorado College community is enriched by individuals of many faiths that have various religious observances, practices, and beliefs. In affirming this diversity, it is our policy and practice to provide religious accommodations for staff unless the accommodation would create an undue hardship to the department or to the college. To request a religious accommodation, you may make the request to your immediate supervisor and contact Human Resources.

**Workers’ Compensation**

If you are injured on the job:

- Report any job-related injury or illness to your supervisor and human resources immediately, but no later than two days from the date of injury or onset of illness. This includes accidents that do not require medical treatment.
- Complete an accident report.
- HR will refer you to a designated medical provider. In an emergency, you will be transported to the nearest medical facility.
- If your injury or illness occurs or if medical treatment is required outside of regular office hours (Monday - Friday, 8:30 am to 5:00 pm) go to Memorial Urgent Care, Penrose Urgent Care, Penrose Emergency Room, or Memorial Emergency Room. Call campus safety to coordinate transportation if needed. Inform the treating facility it is a work related injury, and ask them to send all reports and bills to the following address:

  Colorado College Human Resources  
  14 E Cache la Poudre Street  
  Colorado Springs, CO 80903  
  (719) 389-6104, Fax (719) 389-6926

  - Please do not provide your personal medical insurance information at time of service. Notify your supervisor and human resources of the injury or illness immediately the next business day.
  - If your injury or illness occurs outside of the Colorado Springs area (i.e., BACA, CC Cabin, while working in the field, etc.), go to the nearest medical facility for treatment. Contact human resources as soon as possible.

If you choose to go to a medical facility or physician other than a designated provider, you will be responsible for all medical services incurred.
If you return to work after treatment and/or time off and continue to have problems as a result of your illness or injury, notify your supervisor and human resources immediately so further medical evaluation and treatment may be provided.

**Important Definitions**

**Work-study**

Colorado College awards federal and state work-study awards. These need-based awards are based upon a student’s financial aid eligibility and need and funded by outside government entities. Work-study funding subsidizes the college’s entire student employment budget, not individual department’s student employment budget lines.

**Student Employment**

Student Employment encapsulates the job opportunities provided to CC students on and off-campus that are funded through federal, state, and institutional monies. All students participate in the CC Student Employment program are considered student employees, but not all student employees are considered work-study (eligible) students.

**Off-campus Community Service Work-study Program**

Students who are awarded Federal or Colorado work-study awards may work with one of many off-campus partners. For the purpose of the Community Service work-study Program, community service is defined as services designed to improve the quality of life for community residents, particularly low-income individuals, or to solve particular problems related to their needs. Those interested in working off-campus with a community partner should reach out to the office of Collaborative for Community Engagement to determine available opportunities.

**International Students**

Students who are studying at Colorado College on a student visa, for example a F1 or J1 visa.

**Full-Time Enrollment**

Currently defined as a student being enrolled in at least 3 blocks during both fall and spring semester through Colorado College. Allows eligibility for student employment.

**Half-Time Enrollment**

Currently defined as a student enrolled in at least 1.5 units during both fall and spring semester through Colorado College. Allows eligibility for student employment.

**Less-Than Half Time Enrollment**

Currently defined as a student enrolled in less than 1.5 units during a semester at Colorado College. Not eligible for student employment.

**Terms and Conditions of Employment**

**Student Employment & Work-study Eligibility**

Only current Colorado College students enrolled at least half time per academic semester (Fall or Spring) are eligible for student employment. FICA tax is not withheld from student employee paychecks if they are enrolled at the College at least half time.

Student employment is routinely monitored to insure that students are maintaining a minimum block enrollment. If a student employee’s enrollment drops below less than half time, the
employee and their supervisors will be notified by the Student Employment office that their student employment positions will be terminated effective immediately.

Enrolled students who fall below half-time enrollment are not eligible to work in any capacity. To ensure all students are equally compensated and treated, all students are required to maintain at least half-time (1.5 units per semester) enrollment to work as a student employee.

For student employee positions that require access to or the handling of sensitive personal information or jobs that require interactions with minors, a background check may be required. If a background check is required, all student employees in that position must also complete a background check. Results or refusal of a background check could affect employment eligibility.

Remote Work Policy
Students are NOT permitted to work remotely outside of the state of Colorado. Colorado College does not participate with the tax regulations necessary to accommodate remote out-of-state working students. Students can complete work remotely, as approved by a supervisor, while residing on-campus or in the state or Colorado. Students may not work remotely from their home or vacation residence during breaks or any other period of time that they are residing outside of Colorado.

Summer Employment Eligibility
Current Colorado College students who wish to work during summer do not have to be enrolled in any blocks over the summer. But, they must have been enrolled at least half-time in the spring semester before OR be registered at least half-time the following fall semester. During the summer employment term, FICA tax will be withheld for students enrolled less than half time. Graduated students may not continue their student jobs after the end of their last enrolled term.

Temporary, Occasional, or other Employee- Student Policy
CC students are NOT eligible to become any type of employee through Human Resources (this includes but is not limited to Temporary, Occasional, or Permanent) until they have officially graduated OR withdrawn from the college without intent to return. This includes exclusion from "Temporary" jobs during the summer.

“Walking Senior” Eligibility:
If a senior student will be “walking” at graduation but is enrolled in a future term, they may continue to work on-campus if enrolled at part-time status (1.5 units per TERM). Example: “walking” in spring but enrolled in two summer courses OR two fall courses to officially graduate. If the student will complete their final course in the summer, they must be enrolled in more than one summer course to work. If they plan to complete their final course in the fall, they may work in the summer without being enrolled, but must meet the 1.5 unit enrollment requirement in the fall.

** If a student is on the Registrar’s graduation list, please have any supervisors notify the Student Employment Office that the student will continue to work under this “walking senior” policy. If we are not notified in a timely manner, the student may be automatically terminated from student employment when graduated terminations are executed.
Graduated Students
Students who have graduated from Colorado College may no longer continue working as student employees; all student jobs will be terminated for all graduates based on the official list from the Registrar’s office.

Graduates last day of student employment eligibility is the LAST day of their final enrolled term. For spring graduates, this means they cannot work after the last day of block 8.

Compensation
Student employees must be compensated on an hourly basis in pay steps 1 or 2. Exceptions for higher pay rates are rare and must be approved by the office of Financial Aid & Student Employment.

*All CC students in the same JOB TITLE shall receive the same rate of pay.

2023 Pay Steps (effective December 22, 2022)
- Pay Step I- $13.65/hr.
- Pay Step II- $14.05/hr.

Pay Step Descriptions:

Step I – Entry-level position with minimal qualifications required. Example: office assistant

Step II – High degree of responsibility with minimal supervision; high level of skill or training required; knowledge of special skill or academic area required. Example: tutor, lifeguard, research assistant

All employees performing “substantially similar” work must receive the same compensation. Employers may, however, pay different wages to employees performing substantially similar work if the disparity is justified by one of the several factors as defined in the law.

Holiday Pay
Student employees are classified as non-benefit eligible part time employees and therefore do not qualify to receive the 2.5x holiday pay.

Work Hours
Colorado College does not expect nor encourage students to work beyond 5-15 hours per week in ALL JOBS COMBINED.

Student employees should be allowed a paid fifteen-minute break for each four hours of continuous work. If the work period is less than four hours, breaks are not required. Break periods may not be accumulated and cannot be used to arrive at work fifteen minutes late or leave work fifteen minutes early. Students must discuss with their supervisor the appropriate times and condition of break periods.

During breaks (such as spring break, winter break, and summer) international and domestic students can work additional hours beyond the 5-15 recommended by the CC Student Employment office (Block breaks do not apply). However, students expecting to work over 40 hours a week (in one job or via a combination of jobs) must have those hours pre-approved by their supervisor(s).
Overtime Pay

If a student works over 12 hours in any given day OR 40 hours per week *(ALL jobs combined)*, the department(s) will be responsible for overtime pay at 1.5 times their hourly rate. If those hours are accumulated by working more than one CC job, the overtime pay will be paid by the job/department being worked when the overtime occurred. In other words, hours worked in the latter part of the day or latter part of the week will be subject to overtime.

**Payroll definition of “Day”**: Any consecutive period of 24 hours

**Payroll definition of “Week”**: Sunday at midnight to Saturday at 11:59pm.

**Example 1**: If a student works 4 hours in department A from 8am-12pm and 9 hours in department B from 12:30-9:30pm in a 24 hour period, department B must pay the employee one hour of overtime pay.

**Example 2**: Student works job A from 2:00-8:00pm on Sun, Mon, Tues, Wed, and Thursday. The same student works job B on Friday from 1:00-6:00pm and on Saturday from 3:00-9:00pm. Job/Department B must pay the employee one hour of overtime pay, even though they only worked 11 hours in that department. This is because the overtime hours were worked in that job.

**International Student Employees**

Due to immigration regulations, working hours for international students must not exceed 20 hours per week while class is in session (Sunday- Saturday). Please note, this 20 hour limitation includes all hours worked from both hourly and stipend positions combined (i.e. serving as a Resident Assistant), whether you have to report that time on a timesheet or not. International students who work more than 20 hours per week during the academic year are in violation of their immigration status.

During breaks (such as spring break, winter break, and summer) international students are permitted additional hours up to 40 hours per week. This will not violate the terms of their visa.

International students can also work up to 40 hours per week during Half-Block, whether they are enrolled in Half-Block course or not enrolled.

**Recording Time Worked**

Once a job is created for students in banner by the CC Financial Aid & Student Employment Office, a timesheet will appear in the student’s Self-Service Banner. Student employees must report all hours worked using the electronic time sheet in Self Service Banner. Hours worked are recorded in 15 minute increments. If you are paid on an hourly basis, you must submit a completed time sheet for your supervisor to review and approve in a timely manner. The payroll schedule is located on the Student Employment website.

Timesheets must be submitted to the supervisor by the deadline given on the Payroll calendar, but students are highly encouraged to submit timesheets on the last day of each pay period to allow supervisors enough time to review and approve hours. Failure to submit/approve timesheets on time may cause a delay in students’ pay and risk of job loss.

Students may notice a time when their timesheet(s) are no longer available. This happens between the approval deadline and payday in order for the Payroll Office to process payroll. Timesheets will re-open after payday, but it is crucial to submit hours on time. If you miss the
deadline, you must wait until after payday when the timesheet reopens to make changes. Once approved. The late timesheet will be paid out on the next available scheduled pay day.

It is not acceptable to add hours worked from a previous pay period to another timesheet. This will be considered falsification of a timesheet and is a crime of fraud in the state of Colorado. Any student who falsifies a timesheet will be suspended from student employment and may be reported to the authorities for further investigation.

If a student does not submit their timesheet by the required deadline, they will NOT be paid on time.

If a student’s supervisor does not approve the timesheet by the supervisor’s deadline, the student will NOT be paid on time.

If a student submits late or inaccurate timesheets more than twice, they may be suspended from student employment.

**Sick Leave Accrual**

All employees, including student employees, will begin to accrue sick leave January 1, 2021. Student employees will accrue 1 hour of paid leave for every 30 hours worked, up to 48 hours per year. The timesheet in which the student enters their sick leave hours will be charged to the associated department’s budget.

The amount of sick leave to be used is limited to both the student’s current accrual and the hours they were previously scheduled to work. Students should not use more sick leave than their scheduled shift or previously agreed upon hours in each instance.

Sick leave can be used by student employees who are unable to work due to one of these reasons:

- a mental or physical illness, injury, or health condition that prevents work, including diagnosis or preventive care;
- domestic abuse, sexual assault, or criminal harassment leading to health, relocation, legal, or other service needs;
- has a family member experiencing a condition described in category (a) or (b); or,
- in a public health emergency, a public official closed the workplace, or the school or place of care of the employee’s child.

**Public Health Emergency Leave (Temporary)**

All employees, including student employees, have available a sick leave bank called Public Health Emergency Leave that will cover them for up to 40 hours of missed work if they have one of the specific situations listed below. They will find their calculated leave eligibility on their timesheet and leave report. If they use the bank up and need additional time (for example, a second exposure) they can use their regular sick leave bank if there are available hours. Students should report their sick time on their timesheet only for expected work hours that were scheduled before they got sick.

- Self-isolating or work exclusion due to exposure, symptoms, or diagnosis of the communicable illness in the public health emergency;
- Seeking a diagnosis, treatment, or care (including preventive care) of such an illness;
• Being unable to work due to a health condition that may increase susceptibility to or risk of such an illness; or,
• Caring for a child or other family experiencing one of the issues above, or whose school or child care is unavailable due to the public health emergency.
• All hours for the Public Health Emergency Leave will be provided up front for use. However, once these hours are used they will not be refurbished.

Jury Duty
In accordance with the Code of Colorado Regulations, student employees are paid their usual hourly rate for any **normally scheduled work** that occurs during the **first three days** of jury duty.

**Normally scheduled work:** a shift that is scheduled *prior* to the notice of jury duty, or expected/agreed upon regular (ie consistently repeated) weekly hours that are not able to be rescheduled due to the nature of the student job.

Student Employees will need to provide documentation from the court that they were present for jury duty.

Hours paid for jury duty should be recorded on a separate line item on the date they occurred in the student’s timesheet.

Receiving Pay
Paychecks dispersed on the 15th of each month covers the period of worked from the 22nd of the previous month through the 6th of the current month. Paychecks dispersed on the last business day of the month covers the period of work from the 7th through the 21st of the current month. Paper paychecks (those issued because a student is not enrolled in direct deposit) are delivered to a student’s mail box at the campus mail center.

Hiring Process
Finding a Job
The College makes every effort to provide employment opportunities, but students are responsible for finding a job. Supervisors are responsible for posting all open student employment positions to Handshake. Students can then apply to these postings through their Handshake account.

Resume & Interview
Students may be required to submit their resume and a cover letter through Handshake when applying for a job posting. Supervisors should then conduct a professional interview when selecting and hiring student employees. Supervisors must ensure that the same questions and procedure is followed for each candidate.

Supervisors may not ask about previous compensation in the job posting, application, or interview process.
Hiring a Student

A student must have officially applied to an open position on Handshake in order to be hired. If a hiring request is made without an application or job posting, the request will be denied.

Once a supervisor has selected a student employee candidate for hire, they will need to ensure the student has completed their necessary hiring paperwork.

Both supervisors and students can check the status of paperwork completion using the “Student I-9” lookup tool in Banner SSB. Student’s status will change to “OK to Hire” once the paperwork has been both received AND processed by the office of Student Employment.

Students only need to submit these employment documents ONE time as a CC student. Once a student has held a job on campus, the completion of their hiring paperwork for that job is valid for all other CC student-employment positions they may work in the future.

**Students are unable to be officially hired and access a time sheet until all the forms listed below are submitted to the Student Employment office.** Students must make an appointment to do so on the Student Employment CC webpage.

If a student attends training or work hours **prior to having a timesheet displayed in Banner SSB** or having the following documents processed, they will be **suspended from student employment for one academic semester.**

The following required paperwork can be found on the CC Student Employment webpage or in-person at the Office of Financial Aid & Student Employment.

Paperwork for domestic students includes the following documents and must be turned into the Office of Financial Aid and Student Employment.

- Employment Eligibility Verification (I-9)
  - Complete form and provide acceptable, original and unexpired identification documents to the Office of Student Employment
  - Acceptable documentation examples are listed within the I-9 packet
- Employee Withholding Allowance Certification (W4)
- Direct Deposit Form

Paperwork required for International students most commonly include the following documents and must be turned into the Office of Student Employment.

- Employment Verification (I-9)
  - Complete form and provide acceptable, original and unexpired identification documents to the Office of Student Employment
  - Acceptable documentation examples are listed within the I-9 packet
- Direct Deposit Form
- International students need to contact tax.compliance@coloradocollege.edu within **7 days of their first day of work** to arrange an appointment for tax document completion. **No payment of earned wages will be released until this is completed.**
- International students must make an appointment with the US Social Security Office **within 30 days of their hire date** provided on the supervisor’s EPAF. Once the social
security number is received, the student must bring the card to the office of Financial Aid & Student Employment. **Failure to make an appointment or provide the card in a timely manner will result in all jobs being terminated.**

After all the paperwork has been completed, submitted, and verified, supervisors will need to complete an EPAF. Once the Student Employment team approves the EPAF, the student’s timesheet will be created and visible on Banner SSB.

### Important Hiring Facts to Note

- Students should conservatively expect that it will take the Office of Student Employment up to three business days to process a complete I-9 hiring packet and up to three business days to process a submitted EPAF. Processing completion could occur quicker depending on time of year. Therefore, student workers should not be expected to work earlier than a week after they’ve submitted their I-9 packet.
- Hire paperwork cannot be submitted to the Student Employment office remotely.
- Fax or copies of identification documents are not acceptable.

Please note that the Office of Student Employment recommends all student employees speak with a tax specialist and/or accountant when completing their W-4, as students are responsible for any resulting tax liability.

At the end of a tax year, when a student receives their W-2 from Colorado College, it is the student’s responsibility to file Federal and State taxes in compliance with U.S. tax law. Colorado College holds no responsibility for the student’s tax liability.

### Promotion

All promotions must be posted for a minimum of five business days before an offer of promotion is made. Otherwise, the promotions will not be approved by our office.

- Any promotion would require new job duties/job description/job title/etc.
- NO individual student shall receive a promotion simply from one pay step to the other. ALL students in the same JOB TITLE shall receive the same rate of pay.
- Supervisors must then fairly and equitably review all received applications for consideration.
- Selected candidates must have officially applied for the position through Handshake.

### Ending Employment

#### Resignation/Termination

Students who elect to stop working at their current position for any reason, are encouraged to give their supervisor at least a one week notice. Supervisors must complete an online EPAF to terminate inactive employees. If an EPAF is never received the student and supervisor will continue to see the student’s timesheet and the student will receive reminder emails to submit hours. Once a termination EPAF has been processed by the Office of Student Employment the terminated employee will continue to be visible until the three-month payroll range has moved past the termination date.
The Office of Student Employment holds no responsibility for finding other employment for students who leave a position. Colorado follows the legal doctrine of "employment-at-will" which provides that in the absence of a contract to the contrary, neither an employer nor an employee is required to give notice or advance notice of termination or resignation. Additionally, neither an employer nor an employee is required to give a reason for the separation from employment.

Warnings and Termination
Absence from work or unsatisfactory performance is a serious concern. Legitimate reasons for absences do occur, but students are responsible for communicating with their supervisor in advance. Supervisors must provide student employees with feedback regarding their performance and provide opportunities to address performance concerns. If continued performance or attendance issues arise after feedback has occurred, the supervisor may elect to terminate the student's position with or without warning.

In serious circumstances where behavior at work results in legal, safety, or other college wide violations, the employee may be terminated without prior opportunity for correction. These situations should be communicated immediately with Student Employment by the supervisor and are handled on a case by case basis. Any student employee who feels unfairly treated may appeal to the Student Employment office.

Off-campus Work-study Partners Information
There are several off-campus community service organizations who partner with Colorado College to provide employment opportunities to students who have work-study as part of their financial aid package. These student opportunities are managed by the Collaborative for Community Engagement office at CC. For more information, visit coloradocollege.edu/offices/cce or email cce@coloradocollege.edu.

Student Eligibility for Off-Campus Work-study
To qualify for a work-study award a student must:

- Be a U.S. citizen, permanent resident, or be an otherwise eligible non-citizen (as determined by FAFSA);
- Complete and file a FAFSA (if a student’s FAFSA is selected for Verification, additional documents must be submitted), be enrolled in at least a half-time status, and demonstrate financial need

Student’s Expectations and Responsibilities

- Search, apply and acquire a job
- Complete required I-9 & W-4 forms and submit forms to the Student Employment office
- Complete and submit timesheets to supervisor(s) by assigned deadlines
- Adhere to all student employment and Colorado College policies

Student Employment Policies
Adhere to all Colorado College Policies
Student employees must adhere by all college policies and rules. Failure to do so may affect your eligibility for continued employment. A full list of Colorado College policies can be found at https://www.coloradocollege.edu/basics/welcome/leadership/policies/a-z-list.html.
Award Reduction
If a student with a work-study award receives any additional financial aid (including but not limited to scholarships, grants, or loans) their work-study award may be reduced by any amount necessary to prevent the student from being over awarded based on need or cost of attendance.

Work-Study Preference Policy
Work-Study preference policy states work-study awarded students should be allotted hiring priority; due to their demonstrated financial need, over work-study ineligible students if the applicant exemplifies the desired characteristics for the position. Colorado College recommends that supervisors provide employment to students with more financial need if they meet the qualifications and requirements of the advertised position.

Volunteering
The Fair Labor Standards Act of 1938, as amended in 1985, made it clear that people are allowed to volunteer their services to public agencies and their community with but one exception - public sector employers may not allow their employees to volunteer, without compensation, additional time to do the same work for which they are employed. Student employees should not volunteer for any service that is similar to the work they do as employees. This includes volunteering in a role before their status as an employee is active.

CC Students are not permitted to volunteer in any capacity that is also a paid position. For example, one student cannot volunteer as a sports camp counselor while another student is paid for the same work. Volunteer and paid positions must have clearly defined and separate job descriptions and outcomes.

Confidentiality
Depending upon your job duties, you may have access to information that is sensitive, personal, or confidential. Examples of this type of information include:

- Information regarding other students and their families;
- Information regarding the College and its operations;
- Information about legal or financial matters; or
- Information arising from an allegation of harassment, discrimination, or misconduct.

The information may be in written or verbal form. Regardless of the form and regardless of the source, you must protect the confidentiality of this information. At no time should confidential college information be downloaded or removed from the college without supervisory approval.

Class Time Policy
It is prohibited for a student utilizing work-study funding to work while they are expected to be in class. Exceptions are permitted if an individual class is cancelled or if the instructor has excused the student from attending for the day. Any such exemptions must be documented.
Break & Meal Periods

Hourly employees are entitled to and are authorized, permitted, and expected to take 10-minute, paid rest periods as set forth below:

<table>
<thead>
<tr>
<th>Work Hours</th>
<th>Rest Periods Required</th>
</tr>
</thead>
<tbody>
<tr>
<td>2 or fewer</td>
<td>0</td>
</tr>
<tr>
<td>Over 2, and up to 6</td>
<td>1</td>
</tr>
<tr>
<td>Over 6, and up to 10</td>
<td>2</td>
</tr>
<tr>
<td>Over 10, and up to 14</td>
<td>3</td>
</tr>
<tr>
<td>Over 14, and up to 18</td>
<td>4</td>
</tr>
<tr>
<td>Over 18, and up to 22</td>
<td>5</td>
</tr>
<tr>
<td>Over 22</td>
<td>6</td>
</tr>
</tbody>
</table>

If you are not able to take your break(s), notify your supervisor so they may help you arrange time for breaks.

For further information on Rest & Meal Periods please visit: https://www.colorado.gov/pacific/cdle/breaks

Student Employment Professional Standards

Student employees are required to conduct themselves in the following manner:

1. **PUNCTUALITY** - Student employees must be on time and must communicate with their supervisor if circumstances arise that will cause them to be late.
2. **ABSENCE** - Student employees are responsible for contacting their supervisor in case of absence. All attempts should be made to give as much advance notice as possible.
3. **PROCESSES** - Student employees should discuss office policies and procedures with their supervisor and refrain from inviting friends into the office during work hours.
4. **WORK ASSIGNMENTS** - The first priority of the student employee is to gain experience that fosters a positive work ethic. If student employees do not have something to do, they should ask their supervisor for additional work or find something that needs to be done.
5. **HOMEWORK** - During work hours, student employees are required to perform their work assignments. Homework, reading and other personal work are not permitted during work hours. For further clarification or permissions student employees should speak with their direct supervisor(s).
6. **RESPECT** - Proper respect must be shown to College employees, other student employees, and students. It is expected that all employees will be courteous and helpful to others.
7. **CONFIDENTIALITY** - Work-related information is confidential and should not be discussed with others. Any information a student may come in contact with during employment is strictly confidential. Information should not be discussed outside work under any circumstances. Any violation of confidentiality will be subject to discipline up to and including termination of employment.
8. **EMERGENCY SITUATIONS IN THE WORK AREA** - If an emergency situation arises at work, the student employee should first notify their immediate supervisor. If the supervisor is not available, the student employee should call the Campus Safety at 719-389-6911.
9. **CELL PHONES** - Student employees are expected to refrain from cell phone usage while working.
10. **DRESS CODE** - Student employees are expected to report to work in attire that is appropriate for the position. This should not be confused with casual recreation attire. Student employees should check with their supervisors regarding specific departmental dress code expectations.

11. **COMPUTER/INTERNET USAGE** - Some student employment positions require the use of computers and the internet. Student employees should not use the workplace computers for personal reasons without permission from their supervisor.

12. **POLITICAL ACTIVITY** - As a tax-exempt organization, the college may not endorse or oppose any candidate for public office or engage in more than minimal activity to influence legislation. Accordingly, the college expects all staff to scrupulously avoid anything that might appear to violate these restrictions on political activity. When representing the college as an employee, individuals should refrain from dressing, representing, or conducting oneself in any way that is not politically neutral. The college is also prohibited from using campus mail for the distribution of political campaign materials.

**Training and Feedback**

Thorough training helps prevent misunderstandings and provides supervisors an opportunity to inform students of the job objectives. When supervisors give frequent feedback on job performance, student employees know how they are performing and have an opportunity to ask questions and respond to supervisor's comments.

**Student Employment Questions?**

Direct your CC student employment questions to the Office of Student Employment by phone at (719) 389-6908 or by email at studentemployment@coloradocollege.edu.
