Tips for creating a first-class bulletin board
• Use colorful construction paper
• Add pictures from magazines or clip art.
• Use Fun fronts
• Make the front size large enough for people to read. Try to avoid front sizes less than 30.
• Create bulletin boards based on the needs of your community. If your community is concerned about finding, internships then create a board about the Career Center.

Bulletin boards are great resources to educate your residents without them even knowing it!
