

EnCana Natural Gas Facilities July 19, 2006

EnCana Oil & Gas Inc. runs one of the largest natural gas operations in Western Colorado. Based in Parachute, Encana extracts natural gas from wells throughout Garfield County. Lifetime oil and gas worker Nick Kidneigh treated the Rockies Research Team to a tour of this drilling facility located on Grass Mesa, and explained the challenges of natural gas extraction. The researchers donned hard hats and fire retardent suits to get an up close look at this major source of our nation's energy
