The carpenter shop provides a variety of services for the campus community, and is responsible for maintaining all of the academic buildings. The carpenters install, maintain and preserve doors, windows, roofs, gutters and the interior and exterior structure and trim of the buildings. The carpenter shop also builds and installs cabinets and countertops and provides maintenance and repairs for floors and ceilings. We hang artwork, corkboards, marker boards, chalkboards and shelving. The shop also repairs furniture, from modern to valuable antiques. We also provide welding and masonry services.
