HK260: HBK Research in Scandinavia

After a week on campus, students will travel to Finland, Sweden and Denmark as they learn about human-based research design in health promotion and kinesiology. The group will tour research facilities, and hear from a variety of Scandinavian researchers across the region.

DATES: April 19-May 12, 2021 1 week on campus & 2+ weeks of travel.

CONTACT: Prof. Anthony Bull

DESTINATION INFORMATION: This program will visit multiple sites in the region, with stops in Helsinki and Jyvaskyla, Finland; Stockholm and Malmo, Sweden; and Copenhagen and Roskilde in Denmark.

ACADEMIC INFORMATION: This course offers 1 unit of elective credit in the HBK minor. It has prerequisites of HK130 or HK 330.

PROGRAM FEE: $2,700, includes housing & transportation in the region, some meals, all excursions, visits and tours, and international travel health insurance. This fee is tentative and may be adjusted at a later date.

FEE DOES NOT INCLUDE: Airfare to Helsinki or from Copenhagen. Estimated cost is $1,200. Airfare is calculated into all financial aid awards.

Apply on Summit by Feb. 21 to receive aid consideration
