HOW TO APPLY FOR A BLOCK ABROAD

1 LEARN AS MUCH AS YOU CAN ABOUT THE PROGRAM

- Come to the Study Away Fair in Block 5
- Speak with the faculty leader(s) of the program
- Review the program info on the Global Ed website
  www.coloradocollege.edu/globalandfield

2 APPLY TO THE PROGRAM ON SUMMIT DURING THE MAIN APPLICATION PERIOD

Apply to all block away programs during the FEBRUARY-MARCH application window. Why?
- Space is limited and many programs close after the March deadline.
- Students who apply during the Window are reviewed for aid awards. After the window aid may no longer be possible.

Block 7-8 programs have a second App Window in Block 1, however, we recommend applying in the Spring as many programs fill and close applications after the March application window.

3 LATE APPLICATION IS RISKY

Your application is for both the program and financial aid. You will be notified of your aid award soon after you are notified of your acceptance to a program. Be conscientious of time because rosters may fill during the app period. Aid is also limited and may be gone if you apply after the app period ends.

4 COMPLETE KEY CONFIRMATION DOCUMENTS

Once you have received your "Admitted" notice from Global Education, you will be asked to return to Summit to complete needed forms and to "Confirm" your acceptance into the program. When you complete this, you will be given the COI code needed to enroll on Banner.

5 ENROLL IN BANNER DURING PRE-REGISTRATION

When you receive the registration code, you can enroll on Banner as part of pre-registration for that semester of blocks. Block 1-4 registration is in the April-May, Block 5-8 is in Nov.-Dec.

6 YOU ARE IN THE PROGRAM, NOW WHAT?

- Retain your GPA above 2.00 to remain eligible
- Avoid disciplinary probations or suspensions to remain eligible
- Expect and respond to faculty leader emails
- Attend all pre-departure orientation meetings

For more information on Block Abroad options and the application process, please contact the Center for Global Education & Field Study.
