### Post-Graduate Educational Activity

In order to create a profile which was as representative of the graduating class as possible, the college combined post-graduate educational data collected from the surveys with data gathered from the National Student Clearinghouse (NSC). Of alumni graduating in the classes of 2012 and 2013, for whom information on postgraduate educational pursuits was available through either the Colorado College Alumni Survey or the National Student Clearinghouse (as of August 2017 and August 2018):

Note: Figures represent the proportion of students pursuing/having completed degrees out of all students with known post-graduate academic pursuits. For the class of 2012, this is 259 alumni, or 44.9% of the entire class. For the class of 2013, this number is 232 alumni, or 44.4% of the entire class.

Of those who were found to either be pursuing or have completed a degree (and whose degree was identified) at the time of the surveys:
