

FELLOW PROFILE

Fellow's Name:

Logan Coleman

Fellow's Partner Organization:

ProgressNow Colorado

What are your main responsibilities as a PIFP fellow?

Video production and visual design

What's the most interesting thing you've learned in your fellowship so far?

Greater skills in audio editing, which is currently very limited within CC's own Film Department.

Why did you want to become a PIFP Fellow?

It has been my dream to make a difference through visual art forms, and ProgressNow Colorado provided me with that opportunity.

What activities outside of your work do you enjoy?

Reading, swimming, going out

What is something most people would be surprised to know about you?

My eyebrows are actually really blonde.
