

2022 Summer Fellowship Job Description

| | |
|--|--|
| Organization: | Fountain Creek Watershed District |
| Organization City/Primary Work Location: | Colorado Springs |
| Website URL: | www.fountain-crk.org |

Organization Mission Statement (and any other relevant information you feel would be helpful to understanding the organization):

We work to protect and enhance the health of our home watershed - the Fountain Creek Watershed

Fellowship Overview

Fellowship Overview:

The FCWD Summer Fellow will serve as a Watershed Education Assistant and provide education/outreach services to our home watershed from Palmer Lake to Pueblo.

This position will be:

Hybrid- must be able to come to the office

A typical week as a PIFP fellow in our office will look something like this:

We work remotely and offer a flexible schedule. We will have a weekly check in meeting, there will be other online meetings to attend, and independent work in between. There are several events scheduled that you will be marketing for and/or hosting.

What support or professional development can the fellow expect from their supervisor, the team/staff, or the organization?

Weekly check in meetings, timeline of events and meetings.

Additional benefits offered to the fellow:

Fellowship Details

Primary Responsibilities:

The FCWD Summer Fellow will be responsible for developing, planning and providing watershed education and outreach from Palmer Lake to Pueblo. Fellow will assist with planning the 2022 Creek Week Cleanup, facilitate Brewshed Alliance activities and communications, create and share social media, update the Watershed District website and other duties as assigned.

Through this fellowship, you will build capacity in our organization by:

Support the Creek Week Cleanup, Fountain Creek Brewshed Alliance, and other collaborative events and educational opportunities across our home watershed

The ways in which you will contribute to societal systemic change during this fellowship:

Engaging our citizens in outreach/education about our waterways will lead to a public that has greater awareness and could lead to positive behavior changes leading to cleaner and safer water.

If applicable: You might also engage in direct service and impact your community in the following ways.

Required qualifications/skills:

Communication, organization, self-driven, independent, collaborative.

Preferred qualifications/skills:

Passion for watershed health, education, experience as an educator, experience with WordPress, Canva, social media.

What skills/competencies will fellow learn/enhance during this experience?

Communication, community engagement, event planning, marketing, budgeting, working with cross-sector partners, website management

Advice and Application Follow-up

Our advice for those who apply:

You will be juggling several tasks at once and be working fairly independently. If you are motivated, organized, and passionate this is the job for you!

Additional information applicants should know about the organization and/or this position:

Supplemental question to be answered in your application if interested in this fellowship:

Do you have any experience doing watershed related work? If so, explain. If not, what made you apply for this position?
