COURSES WITH A WAITLIST AFTER 2016-17 SPRING PREREGISTRATION

This table shows the minimum number of points needed to get into these courses after preregistration LAST YEAR. The courses are listed by department and show how many students were placed on the waitlist after the preregistration program was run. Keep in mind, that not all courses have reserved spaces for first-year students, but this does impact the waitlist. These numbers are from LAST year and may not be applicable to this year. Even with this information, you should still consider the number of times a course is offered this year and discuss with your advisor.
