

January 30th 2020 Full Council Meeting Minutes

I. Call to Order and Roll Call

Absent: Tronik, Remy

II. Previous Meeting Minutes Approved

III. Committee Updates

Outreach:

- March 6th is the week of Open Resource Education. That is when we will start gathering signatures for the petition
 - We are pairing students and librarians together to give a how and why for OER
 - The theme is Saving Money through Open Resources Education (S'more) so we are thinking about how we could plan events with s'mores!
- No word from Colorado Sun

Student life:

- Approved CC Productions, Planned Parenthood, and Student Literacy group
- Hoping to meet with/reach out to student group leaders throughout this block and touch base about how things are going
- Met with Jeremiah from the Bemis School of Art who is very excited about working with CCSGA

Inclusion:

- Followed up with Cody (from Snow Day finance presentation on 1/23/20) who said he did not ask Outdoor Ed for funding
 - However, we will still touch base with Outdoor Ed about what they are doing to make the outdoors more inclusive.
- Nicolete, Sally, and Halle are working on survey
- Still working on getting a better diversity training for Greek Life

Internal Affairs

- Continue to encourage friends to apply for Student Trustee

Presidential:

- Ethan and Max met about getting a voting center at CC. It seems feasible, however, the biggest struggle is parking.
- The effort to get a student representative on the search for a new Senior Associate Dean has not been easy and the FEC has still not given us a firm answer. Ethan has emailed the head of the FEC to meet
- The Climate Change task force met about what comes next for CC after becoming carbon neutral.

IV. Bylaws/Robert's Rules Review

V. Bustang Contract Finalized → Presentation

- Bustang offers bus routes from Colorado Springs to Denver
- CCSGA Agreement with Bustang: 450\$ for 50 tickets to give to students for free
- This is pilot → We will see how these initial 50 tickets sell and how the process goes and proceed from there
- Tickets can be picked up from Worner desk
- Future SGA's can decide to develop this relationship further
- Students who choose to get a ticket will fill out a small card of information so we can get data on how these tickets are being used
- Each person is allowed to get two tickets (there and back)
- Hopefully, tickets will be ready before block break

VI. Open Floor for Comment

- Sakina: First Tuesday open forum regarding anti-racism implementation plan

VII. Adjournment
