- II. Roll call:
  - Absent: none

- III. Distribution of minutes:
  - Minutes from September 10th have been approved as distributed
- IV. Relevant Committee Updates:
  - Outreach:
    - Collective for Antiracism and Liberation(CAL) has been meeting. Been putting a lot of energy towards that.
  - Inclusion:
    - Had a conversation with the DEI team and--put forward the idea of talking to students about how things went via a survey
  - Student Life:
    - Trying to work with performance art groups and have them collaborate together
  - Finance:
    - James is back!
    - Working on finances for some things that we fund such as Tiger Bus tickets and other stuff
  - Internal affairs:
    - Applications are happening now
- V. Voter registration challenge
  - Sophie on behalf of outreach: Sports teams have been challenging each other to get 100% voter registration. I would like CCSGA to participate in that as well and challenge the president's council. Going to send out some registration links and information. Then a survey letting us know if you are registered to vote
- VI. Input on Survey
  - Sakina: SGA has a unique roll in getting students inputs so we are going to send out a survey to gage that
  - Anusha: I thought it from the inclusion lens but then also thought that it could be more than that. Looking for ways we can support students. What ways can we be there for students beyond money-- access, faculty, etc? Can we send out resources and suggestions on how to improve student life and for that to be generated by students' opinions. An additional section would be included in the survey so we could get questions for our next townhall.
  - Sakina: With that being said, do you have suggestions?

- Elliott: I think an explanation of what CCSGA does and what you are capable of doing and how you can support them. I don't think a lot of students know what you guys are capable of doing!
- Sakina: Note from admin, they asked us to ask how connected students feel to resources on campus
- Laila: I think a result of all this is that class is fallen through cracks so questions concerning that would be nice
- Sally: Also what CCSGA can't do
- Anusha: I also don't want it to be super lengthy or hard to fill out
- Sakina: What about a raffle?
