

# COLORADO COLLEGE

Wednesday, Feb. 10, 2021

## **Colorado College must disburse remaining Coronavirus Aid, Relief, and Economic Security funds by April 1 to meet federal guidelines.**

For this reason, we will be distributing the remaining funds after Feb. 22. Any emergency requests received prior to Feb. 22 will be reviewed using the [guidelines that have been established for CARES funds](#).

After Feb. 22, the emergency requests committee will review requests for emergency funds using previous guidelines. These guidelines generally apply to unexpected expenses such as medical emergencies, travel due to a death, etc. The college will handle food insecurity through the food pantry offered on campus, and other expenses such as books and standard break travel are covered in the financial aid received, as those are anticipated expenses included in the estimated cost of attendance.

We will be using a formula for disbursing the remaining CARES Act funds to any student with a Pell Grant or an accepted federal student loan in the 2020-21 academic year as of Feb. 9, 2021. We are working to award these funds as soon as possible after Feb. 22. If you have direct deposit set up, the funds will be deposited there. If not, a check will be issued in your name. If you wish to set up direct deposit, [you can fill out this form](#) and submit it to [accountspayable@coloradocollege.edu](mailto:accountspayable@coloradocollege.edu).

The second round of CARES funding approved in December has not yet been received by the college, but when it is, we will be issuing checks to enrolled students who are U.S. citizens and demonstrate financial need based on the financial aid application. There is no need to contact anyone; this will happen

automatically when the funds are available. If you have additional questions, send them to [covid19@coloradocollege.edu](mailto:covid19@coloradocollege.edu).
