

Colorado College's State of the Rockies Project  
2022 Conservation in the West Poll

# NEVADA

## ENVIRONMENT AT THE BALLOT BOX

**85%** of Nevadans say that issues involving clean water, wildlife, and public lands are important in deciding whether to support an elected public official.

Bob Wick / Bureau of Land Management

## ENERGY ON PUBLIC LANDS

**91%** support requiring oil and gas companies to pay for all clean-up and restoration costs after drilling.

**69%** think that oil and gas development on national public lands should be stopped or strictly limited, as opposed to expanded.

## PROTECTING LAND, WATER & WILDLIFE

**77%** support a national goal of protecting 30 percent of America's lands and waters by 2030.

**84%** support creating new national parks, national monuments, national wildlife refuges, and tribal protected areas.

## FIRE & DROUGHT CONCERNS

**78%** are concerned about more frequent and severe wildfires.

**71%** think that wildfires in the West are more of a problem than they were 10 years ago.

**87%** are concerned about droughts and reduced snowpack.

## ACTION ON CLIMATE CHANGE

**71%** support gradually transitioning to one hundred percent clean, renewable energy over the next ten to fifteen years.

**62%** say that there is enough evidence of climate change that action should be taken.
