CONSERVATION

74% consider themselves to be conservationists.
61% consider themselves a hunter or angler.
93% support constructing wildlife crossing structures across major highways.

WYOMING

WATER & DROUGHT CONCERNS

80% describe the current shortage of water supplies in the West as a problem.
81% support requiring local governments to determine whether there is enough water available before approving new residential development projects.
60% support providing financial incentives to homeowners and businesses to replace lawns and grassy areas with water-saving landscaping.

PROTECTING 30X30

72% support a national goal of conserving 30% of America’s land and waters by the year 2030.
75% support presidents continuing to use their ability to protect existing public lands as national monuments.
79% support creating new national parks, national monuments, national wildlife refuges, and tribal protected areas to protect historic sites or areas for outdoor recreation.

ENERGY ON PUBLIC LANDS

65% support only allowing oil and gas companies the right to drill in areas where there is high likelihood to actually produce oil and gas.
47% prefer that leaders place more emphasis on protecting water, air, wildlife habitat and recreation opportunities over maximizing the amount of land available for drilling and mining.
85% support requiring oil and gas companies, rather than federal and state governments, to pay for all of the clean-up and land restoration costs after drilling is finished.
