## Oppose State Takeover of Public Lands

“Some Members of Congress have proposed giving state government control over national public lands, such as national forests, national monuments, and national wildlife refuges in its borders. The state government would decide the future management of the lands, but state taxpayers would pay all costs, including the cost of maintenance and preventing and fighting wildfires.”

## Want To Keep In Place Existing National Monuments

“And, do you think that existing national monument designations for some public lands protected over the last decade should be kept in place or should they be removed?”
